Kuga sent a letter?

Yes.

He couldn't even afford a messenger, so he had to ask a city guard.

I suppose he has nothing left, not even his pride.

Pitiful indeed

I don't want to read. You take care of it.

I-I think... you should read this.

Hmph. I bet he's begging.

My son, Ratshgir... has been killed recently by bandits.

However, I do not have any money to host his funeral.

I realize our relationship is beyond repair due to my fault.

Still, since Ratshgir was part of the bloodline...

Please help me so that I can give him a proper send-off.

And I want you to be here to see him off.

Send men.

Will you be going?

Why would I? He should be grateful for the funeral alone.

I am glad that he has no family left.

One bad seed was enough.
